

Activity/ Situation	OPENING OF SCHOOL DURING NATIONAL LOCKDOWN			
Location	Thornaby Church of England Primary School			
Persons at Risk	Pupils <input checked="" type="checkbox"/>	Employees <input checked="" type="checkbox"/>	Visitors <input checked="" type="checkbox"/>	Contractors <input checked="" type="checkbox"/>
HAZARD(S)	<p><i>Note: this list is not exhaustive and must be adapted for your own needs</i></p> <ul style="list-style-type: none"> ✘ Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed ✘ Social Distancing Measures Not Followed During Travel to and from School ✘ Inadequate Cleaning/Sanitising ✘ Shared Resources ✘ Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors ✘ Site User Becoming Unwell ✘ Site User Developing Symptoms ✘ Inadequate Hand Washing/Personal Hygiene ✘ Inadequate Personal Protection & PPE ✘ Visitors, Contractors & Spread of Coronavirus ✘ Inadequate Ventilation ✘ Arrangements for Boarding Schools During Pandemic 			
CONTROL MEASURES	ADDITIONAL INFORMATION	YES	NO	N/A
<p><i>Note: you must amend and adapt this generic risk assessment to suit your own needs by selecting the controls from the examples provided (adding and amending others where necessary) and then evaluate the overall risk for the activity/situation.</i></p>				
<p>In considering all of the below risks and potential control measures, please be mindful of your duties under the Equality Act by ensuring that there is no adverse impact on any particular group of staff / pupils with protected characteristics</p>				
<p>Contact Between Individuals Not Minimised and Social Distancing Measures Not Followed</p>				
<p>It is expected that schools will have a trained DSL (or deputy) available on site. However, it is recognised that for some schools there may be operational challenges to this</p>	<p>There are three staff trained as DSL at Thornaby however in such cases, there are two options to consider:</p> <ul style="list-style-type: none"> • a trained DSL (or deputy) from the school can be available to be contacted via phone or online video, for example working from home • sharing trained DSLs (or deputies) with other schools (who should be available to be contacted via phone or online video) <p>Where a trained DSL (or deputy) is not on site, in addition to one of the above options, a senior leader should take responsibility for co-ordinating safeguarding on site.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Educational Visits must not take place at this time		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
During the period of national lockdown, primary, secondary, alternative provision and special schools will remain open to vulnerable children and young people and the children of critical workers only (recognising that the characteristics of the cohorts in special schools and alternative provision will mean these settings continue to offer face to face provision for all pupils, where appropriate)	All other pupils should receive remote education	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Every school will have a different number of children of critical workers who need to attend. There is no limit to numbers of these pupils who may attend and school does not limit attendance of these groups		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where school has had to temporarily stop on-site provision on public health advice, the local authority has been informed to discuss alternative arrangements for vulnerable children and young people and work towards welcoming back pupils as soon as possible, where feasible to do so		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consistent groups are in place which reduces the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group	New groups created -one per year group – these remain consistent	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school keeps a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups	Registers kept. Clear timetables in place identifying adults and children who are in contact for 15mins or more. Some transience through year groups sharing toilets and TAs across a year group	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Whilst schools are attended by vulnerable children and the children of critical workers only, where possible schools should keep group sizes small	The groups are created according to need/demand and what is manageable with available staff	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Whatever the size of the group, they are kept apart from other groups and older children are encouraged to keep their distance within their groups	Lunchtime routines ensure non -mixing of groups and all tables and chairs disinfected between sittings accessing hall in separate groups as do playtime routines	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools with the capability to do it should take steps to limit interaction, and the sharing of rooms and social spaces between groups as much as possible	All groups to stay in their own classrooms as much as possible; Each group allocated a toilet block; all classes use own outside. ICT suite to be timetabled with time to wipe down equipment between groups and to limit passing in corridors; as with hall and studio space. No children to be sent on messages or to walk around school; toilet	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	use monitored by use of cone			
It is recognised that younger children will not be able to maintain social distancing, and it is acceptable for them not to distance within their group		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools keep children in their class groups for the majority of the classroom time, but also allow mixing into wider groups for wraparound care transport etc.	Teacher consistent for majority of time; PPA covered by different staff; TA use across year group and at UKS2 across team; Specialist teachers will deliver music and PE lessons	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Siblings may be in different groups	More effective learning to be taught with Year group and class	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Teachers and other staff operate across different classes and year groups in order to facilitate the delivery of the school timetable	PPA cover, Intervention groups -visors to be worn when completing intervention groups outside normal group	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where staff need to move between classes and year groups, they should keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults	Advice given to staff re social distancing. Older pupils aware and constantly reminded of social distancing. Systems in place re keep left in corridors and oneway system past photocopier; staff advised to wear face coverings whilst in communal areas but at their discretion (see Inadequate Personal Protection section of this RA)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where possible adults maintain a 2 metre distance from each other, and from children	Advice given and recommendation re standing behind pupils rather than crouching besides or standing in front of pupil's tables. EY and KS1 staff advised to stand wherever possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Adults avoid close face to face contact and limit time spent within 1 metre of anyone	Readers are heard side by side; individual instruction given in similar way. First Aid take less time than 15mins - firstaider always wears a mask. Adults advised to wear a mask or visor when greeting parents on the door or on the gate. Parents requested to wear masks on the premises. Staff have awareness of updated definitions of contacts below- direct close contacts - face to face contact with an infected individual for any length of time , within 1 metre, including being coughed on, a face to face conversation, or	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	<p>unprotected physical contact (skin-to-skin)</p> <p>- proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual</p> <p>Guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person/guidance-for-contacts-of-people-with-possible-or-confirmed-coronavirus-covid-19-infection-who-do-not-live-with-the-person</p>			
Within the classroom a distance between people is maintained so far as reasonably practical	It is accepted that distancing may not be possible in primary schools	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils are seated side by side and facing forwards, rather than face to face or side on	This will occur in KS2, not appropriate for teaching in EY or KS1 but children will be spaced as far apart as is possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff will work side on to pupils as opposed to face to face whenever possible	See previous points	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Educational and care support is provided as normal to pupils who have complex needs or who need close contact care	Staff to wear PPE if deemed necessary and care involves being in close contact for more than 15 mins	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, local authorities, health professionals, regional schools commissioners and other services work together to ensure that children with medical conditions are fully supported, including through the use of individual healthcare plans, so that they may receive an education in line with their peers	In some cases, the pupil's medical needs will mean this is not possible, and educational support will require flexibility. Our guidance on supporting pupils at school with medical conditions remains in place	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Unnecessary furniture has been moved out of classrooms to make more space	No where to store furniture but made obvious to children where they can/cannot sit	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Large gatherings such as assemblies or collective worship with more than one group do not take place	Collective Worship to be carried out in own classrooms. Virtual CW done via teams	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The timetable and selection of classroom or other learning environment has been used to reduce movement around the school or building	Timetable altered – no CW, no Breakfast Club, studio use limited – groups encouraged to share classroom space rather than use another space in school for small group work	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to staggered starts or adjusting start and finish times to keep	Staggered start and finish times should not reduce the amount of overall teaching time	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

groups apart as they arrive and leave school	Doors open from 8.30. Start time remain at 8.55am. Rec finish at 3pm but no afternoon break; KS1 at 3.10pm; LKS2 at 3.15 and UKS2 at 3.20pm. Queuing outside along fence – monitored by staff; parents only allowed access just before their child is to be dismissed to limit the number on the playground. Social distancing spots by each classroom door. One way system in place and gate at other side of field also in use on dry days			
Parents' drop-off and pick-up protocols planned to minimise adult to adult contact	Queuing outside along fence – monitored by staff; parents only allowed access just before their child is to be dismissed to limit the number on the playground. Social distancing spots by each classroom door. One way system in place. Parents requested to wear masks when entering the grounds	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All parents/carers entering the school premises (and in other congested areas around school premises) wear a face covering in addition to social distancing	Parents are advised to wear face coverings on the school premises	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ensure that you inform those travelling by car that they should wait in their car until the specific drop off time.		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Ensure that you inform parents to maintain social distancing from others when dropping off and collecting pupils from school	Parents reminded re protocols for dropping off and collecting by staff on gates and strategic positions in playground	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents and pupils are told their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use, only one adult per family should enter school grounds to drop off or collect)	Video showing protocols also informed by email and staff who will guide newly returning pupils and parents Only one adult per family permitted to enter premises	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is made clear to parents that they cannot gather at entrance gates or doors, or enter the site (unless they have a pre-arranged appointment, which should be conducted safely)	Social distance markings down the outside of the school fence and spots outside classroom doors. Information informing parents not to arrive too early before their child's allotted leaving time. Staff manning gate and queue	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
External entrances to classrooms are used where practical	Majority of classrooms have outside door – used for arriving and departing; When using Class 6 they	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	use door at end of KS1 corridor; Class 11 use UKS2 door			
Break times are staggered so that all pupils are not moving around the school at the same time	KS1 yard split into two sections – Y1 group use section; Y2 use other; UKS2 yard split into two Y3 play on one section, Y4 on the other; followed by Y5 and Y6	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Lunch breaks are staggered	Timetable In place; lunches eaten in classrooms in UKS2; Reception and 30 hour nursery, Y1, Y2, Y3 and Y4 – eat in hall with chairs and tables disinfected between groups	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Numbers of staff using Staff Room are limited or the use of Staff Room is staggered to ensure that staff maintain 2 metres distance from each other	Staggered break and lunch times – two chairs turned round between every available chair for seating	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Staff meetings take place remotely where possible. Where this is not possible staff meetings take place in a large well ventilated room ensuring 2 metres social distancing at all times	Staff meetings held in well ventilated hall with all staff members at social distance – others join virtually from home or from classrooms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools should continue to offer wraparound provision, such as breakfast and after-school clubs, for those children eligible to attend school (i.e. children of critical workers and vulnerable children and young people)	No breakfast club in place, nor after school clubs	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
School works closely with any external wraparound providers which their pupils may use, to ensure as far as possible, children can be kept in a group with other children from the same bubble they are in during the school day	Wide range of after school providers – not attached to school – with children from other settings – limit to what school can influence	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where it is not possible, or it is impractical to group children in the same bubbles as they are in during the school day, schools and external providers group children with others from outside their school day bubble (or from a different school, where children from multiple schools are attending provision) keep children in small, consistent groups with the same children each time	Believe this to be the case but children attending also varies day to day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School can consult the guidance produced for providers who run community activities, holiday clubs, after-school clubs, tuition and other out-of-school provision for children, to advise on the protective measures providers should put in place for the duration of the national lockdown to ensure they are operating as safely as possible	Protective measures for holiday or after school clubs and other out of school settings for children during the covid-19-outbreak	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School may also continue to open up or hire out their premises for use by external wraparound childcare providers, such as after-school or holiday clubs, that offer provision to		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

children of critical workers and/ or vulnerable children				
Social Distancing Measures Not Followed During Travel to and from School				
Parents and pupils are encouraged to walk or cycle to their education setting where possible	Parents aware – reminder on newsletter. Y6 encouraged to come to school independently where possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schools, parents and pupils following the government guidance on how to travel safely, when planning their travel on public transport	safer travel guidance for passengers of the very few who come on public transport flexibility will be given with regards to arrival if held up due to lack of space on the bus	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Cleaning/Sanitising				
A cleaning schedule that ensures cleaning is generally enhanced and includes more frequent cleaning of rooms / shared areas that are used by different groups is in place	Keyboards wiped between groups using in ICT suite; classroom tables, door handles and toilets cleaned at lunchtimes and bins changed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Surfaces that pupils are touching, such as toys, books, desks, chairs, doors, sinks, toilets, light switches, bannisters etc. are cleaned more often than normal	See above	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Electronic entry systems and keypads are regularly sanitised particularly first thing in the morning and where possible after each use	Antibacterial wipes located by the door entry system – antibac gel applied before entry by all visitors and staff	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins for tissues and other rubbish are emptied throughout the day	Emptied at lunchtimes	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Stocks of cleaning chemicals, liquid soap, paper towels, tissues, toilet roll, bin bags etc. regularly checked and additional supplies requested as necessary	Caretaker monitors supply of paper towels and cleaning equipment – DHT and HT monitor supplies of liquid soap, antibac gel and antibac wipes	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to how play equipment is used ensuring it is appropriately cleaned between groups of children using it	Bubbles of children using the equipment. Cleaned after use of put away for 72 hours	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Outdoor playground equipment should be more frequently cleaned	Trimtrail cordoned off	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Shared Resources				
For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared	Individual pencils – named – packet of crayons shared in group/pairs/individually in bubble	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Classroom based resources, such as books and games, can be used and shared within	Equipment that needs to be shared cleaned/quarantined eg maths equipment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

the group ; these are cleaned regularly, along with all frequently touched surfaces				
Resources that are shared between groups , such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different groups		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils can bring essentials such as lunch boxes, hats, coats, books, stationery, bags and mobile phones (depending on school policy) in to school	Hands gelled with sanitiser applied by PSA/TA before entering school- mobile phones placed in separate bags	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pupils and teachers can take books and other shared resources home, although unnecessary sharing should be avoided, especially where this does not contribute to pupil education and development. Rules on hand cleaning, cleaning of the resources and rotation apply to these resources	Marking completed in school if possible	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Devices/ laptops/tablets etc. that are brought from home to school and back again are cleaned at the start and end of the day	Moved to cloud storage so no need for transfer of laptops. All ipads cleaned after use as are keyboards and mice in ICT suite	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Spread of Coronavirus to Staff, Pupils and Families, Visitors and Contractors				
Contact with individuals who are unwell is minimised by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school	Ensuring that pupils, staff and other adults do not come into the school if they have coronavirus (COVID-19) symptoms , or have tested positive in the last 10 days, and ensuring anyone developing those symptoms during the school day is sent home, are essential actions to reduce the risk in schools and further drive down transmission of coronavirus (COVID-19) – reminder sent to parents, notices displayed, reminder re track and trace – parents advised to wear a mask in the school grounds	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school recognises that if they have two or more confirmed cases within 10 days, or an overall rise in sickness absence where coronavirus (COVID-19) is suspected, they may have an outbreak and must continue to work with their local health protection team who will be able to advise if additional action is required	Contact is made with PHE with every positive case and advice is taken	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where schools and colleges are carrying out their own testing regime, they make it clear to	In some cases, someone who has tested negative may still have the	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

staff and pupils that a negative test result does not remove the risk of transmission.	undetected disease and be infectious. It is therefore essential that everyone continues to follow good hygiene and observe social distancing measures whether or not they have been tested			
Secondary schools participating in the rapid asymptomatic testing programme should follow the Mass asymptomatic testing: schools and colleges guidance for handling any positive tests as a result of that programme	Asymptomatic testing in schools and colleges	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Where consent is not given for a secondary-age pupil who has been a close contact of the positive case to participate in asymptomatic testing, the pupil must self-isolate		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Clinically extremely vulnerable children and young people should not attend school or other educational settings, because the risk of exposure to the virus in the community is now very high	New advice for those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Following the reintroduction of shielding, clinically extremely vulnerable staff are advised that they should not attend the workplace	Clinically extremely vulnerable individuals are those identified through a letter from the NHS or a specialist doctor as in the group deemed clinically extremely vulnerable (CEV or shielding list). Staff who are identified as clinically extremely vulnerable should follow the published guidance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Those living with someone who is clinically extremely vulnerable can still attend work where home-working is not possible	People who live with those who are clinically vulnerable or clinically extremely vulnerable can attend the workplace but should ensure they maintain good prevention practice in the workplace and home settings	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clinically vulnerable staff can continue to attend school where it is not possible to work from home	While in school they should follow the specific measures to minimise the risks of transmission. This includes taking particular care to observe good hand and respiratory hygiene, minimising contact and maintaining social distancing. This provides that ideally, adults should maintain 2 metre distance from others, and where this is not possible avoid close face to face contact and minimise time spent within 1 metre of others. Adults should continue to take care to socially distance from other adults including	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	older children and adolescents			
Pregnant women are in the 'clinically vulnerable' category	School must complete the New and Expectant Mothers risk assessment as well as the Covid Individual risk assessment. Both the New and Expectant Mothers and the Individual Risk Assessment must be reviewed prior to 28 weeks when risk factors increase. Individual Risk Assessments will need to be subject to regular review RCOG Q&A covid19 virus infection and pregnancy Covid-19 advice for pregnant employees	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Supply staff and other temporary workers can move between schools, where it is necessary to use supply staff and to welcome visitors to the school such as peripatetic teachers, those individuals will be expected to comply with the school's arrangements for managing and minimising risk and schools should ensure that all temporary staff have access to the information on the safety arrangements in place, and ensure that this is provided as soon as possible after the booking is confirmed	To minimise the numbers of temporary staff entering the school premises, and secure best value, schools may wish to use longer assignments with supply teachers and agree a minimum number of hours across the academic year	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Specialists, therapists, clinicians and other support staff for pupils with SEND provide interventions as usual	School and agency advice is to wear face shields or masks and maintain social distance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Volunteers may be used to support the work of the school, as would usually be the case	Mixing of volunteers across groups should be kept to a minimum, and they should remain 2 metres from pupils and staff where possible. Volunteers are limited to one group	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Access to PPE should be available where there is contact with diagnosed or suspected person with covid-19	See Inadequate Personal Protection & PPE section of this risk assessment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Becoming Unwell				
If anyone in the school becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must be sent home and advised to follow the guidance which sets out that they must self-isolate for at least 10 days and should arrange to have a test to see if they have coronavirus (COVID-19). Other members of their	stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection If they have tested positive whilst not experiencing symptoms but develop symptoms during the isolation period, they should restart the 10-day	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

household (including any siblings) should self-isolate for 10 days from when the symptomatic person first had symptoms	isolation period from the day they develop symptoms Parents reminded of this guidance; posters displayed throughout school			
If a pupil is awaiting collection, they should be moved, if possible, to a room where they can be isolated behind a closed door, depending on the age of the Pupils and with appropriate adult supervision if required. Ideally, a window should be opened for ventilation.	Person isolated in goldfish bowl (small meeting room)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If the pupil needs to go to the toilet while waiting to be collected, they should use a separate toilet if possible. The toilet should be cleaned and disinfected using standard cleaning products before being used by anyone else	Toilet next to goldfish bowl (small meeting room)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE should be worn by staff caring for the pupil while they await collection if a distance of 2 metres cannot be maintained (such as for a very young pupil or a pupil with complex needs)	See Inadequate Personal Protection & PPE section of this risk assessment PPE in goldfish bowl (small meeting room)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In an emergency, call 999 if the pupil is seriously ill or injured or their life is at risk.	Anyone with coronavirus (COVID-19) symptoms should not visit the GP, pharmacy, urgent care centre or a hospital	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Any member of staff who has provided close contact care to someone with symptoms, even while wearing PPE, and all other members of staff or pupils who have been in close contact with that person with symptoms, even if wearing a face covering, do not need to go home to self-isolate unless: <ul style="list-style-type: none"> the symptomatic person subsequently tests positive they develop symptoms themselves (in which case, they should arrange to have a test) they are requested to do so by NHS Test and Trace or the PHE advice service (or PHE local health protection team if escalated) 	Staff aware of this guidance – wherever possible the TA from the class will provide this care	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Everyone must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell	Children hand washing routines and handgel, on entry, after play, before lunch, after lunch, after play	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The area around the person with symptoms must be cleaned with normal household disinfectant after they have left to reduce the risk of passing the infection on to other people	COVID-19: cleaning of non-healthcare settings guidance Antibacterial spray and wipes available in all classrooms	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Site User Developing Symptoms				
Schools must ensure that staff members and parents/carers understand that they will need	The advice service (or PHE local health	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>to be ready and willing to book a test if they are displaying symptoms. The main symptoms are a high temperature, a new continuous cough and/or a loss or change to your sense of smell or taste. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested if they have symptoms, including children under 5, but children aged 11 and under will need to be helped by their parents or carers if using a home testing kit</p>	<p>protection team if escalated) will provide definitive advice on who must be sent home. A template letter will be provided to schools, on the advice of the health protection team, to send to parents and staff if needed Guidance given to staff – tests in school– link to booking test sent to parents</p>			
<p>School have received an initial supply of 10 home PCR (polymerase chain reaction) test kits and information about how to order to replenish this supply when they are running out</p>	<p>Three sets have arrived in school</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>School determines how to prioritise the distribution of their PCR test kits in order to minimise the impact of the virus on the education of their pupils.</p>	<p>The test kits sent to schools are provided to be used in the exceptional circumstance that an individual becomes symptomatic and schools believe they may have barriers to accessing testing elsewhere. These kits can be given directly to staff or parents and carers collecting a child who has developed symptoms at school. In particular, these tests kits will also help ensure that symptomatic staff can also get a test and if they test negative, can return to work as soon as they no longer have symptoms of coronavirus (COVID-19). Further information is provided in our guidance Coronavirus (COVID-19): test kits for schools and FE providers.</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test & Trace</p>	<p>Parents reminded of procedures in letter and by Marvellous Me messages Track and trace code displayed in entrance. Details of visitors recorded</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Schools must ensure that staff members and parents/carers understand that they will need to be ready and willing to self-isolate if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19)</p>	<p>Household members of those contacts who are sent home do not need to self-isolate themselves unless the child, young person or staff member who is self-isolating subsequently develops symptoms Parents reminded of procedures in letter and</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	by Marvellous Me messages			
Where pupils who are self-isolating and are within the definition of vulnerable, it is important that schools put systems in place to keep in contact with them, offer pastoral support, and check they are able to access education support	School should notify their social worker (if they have one). School leaders should then agree with the social worker the best way to maintain contact and offer support to the vulnerable child or young person All children who do not make daily contact with school are contacted by phone, email, Marvellous Me or home visit	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Parents and staff are asked to inform the school immediately of the results of a test	Schools must not share the names or details of people with coronavirus (COVID-19) unless essential to protect others Parents reminded of procedures in letter and by Marvellous Me messages	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests negative for coronavirus (COVID-19), then they need should stay at home until they are recovered as usual from their illness but can safely return thereafter. The only exception to return following a negative test result is where an individual is separately identified as a close contact of a confirmed case, when they will need to self-isolate for 10 days from the date of that contact	Schools should not request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Someone who is self-isolating because they have been in close contact with someone who has tested positive for coronavirus (COVID-19) starts to feel unwell and gets a test for coronavirus themselves, and the test delivers a negative result, they must remain in isolation for the remainder of the 10-day isolation period	This is because they could still develop coronavirus (COVID-19) within the remaining days	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If someone with symptoms tests positive, they should follow the ‘stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection’ and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste. This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should continue to self-isolate until their temperature returns to normal. Other members of their household should all self-isolate for the full 10 days	Advice given to parents in newsletters and via phone call in individual circumstances	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<p>Schools send home those people who have been in close contact with the person who has tested positive, advising them to self-isolate for 10 days since they were last in close contact with that person when they were infectious</p>	<p>Close contact means:</p> <ul style="list-style-type: none"> - direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin) - proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes either as a one-off contact or added up together over one day) with an infected individual) - travelling in a small vehicle, like a car, with an infected person 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>School must take swift action when they become aware that someone who has attended has tested positive for coronavirus and must contact the dedicated advice service introduced by Public Health England (PHE) and delivered by the NHS Business Services Authority</p>	<p>This can be reached by calling the DfE Helpline on 0800 046 8687 and selecting option 1 for advice on the action to take in response to a positive case. Schools will be put through to a team of advisers who will inform them of what action is needed based on the latest public health advice Local PHE are contacted on covidoutbreak@stockton.gov.uk for advice on the action to take in response to a positive case. PHE telephone and inform schools of what action is needed based on the latest public health advice</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Public Health England has good evidence that routinely taking the temperature of pupils by the school is not recommended as this is an unreliable method for identifying coronavirus (COVID-19) so this does not take place</p>	<p>Temperatures taken when children feel unwell</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Inadequate Hand Washing/Personal Hygiene</p>				
<p>Staff/pupils/cleaners/contractors etc. will be reminded to clean their hands regularly, including when they arrive at school, when they return from breaks, when they change rooms and before and after eating</p>	<p>Ensure that staff have sufficient time to wash their hands regularly, as frequently as pupils Notices on doors re handgel for visitors</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Hands are washed with liquid soap & water for a minimum of 20 seconds</p>	<p>Routine in place in each classroom</p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The school has considered whether they have enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly	multiple bottles of handgel safely stored across school. Staff use mixture of handwashing and gel	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Alcohol based hand cleansers/gels can only be used if soap and water are not available, but is not a substitute for hand washing. Such gels MUST ONLY BE USED UNDER CLOSE SUPERVISION. In normal circumstances pupils should not be using alcohol based hand cleansers because of the risk of ingestion.	S Gel used under close supervision – visitors advised that it must be dry before entering Skin friendly skin cleaning wipes can be used as an alternative	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The 'catch it, bin it, kill it' approach is very important and is promoted	<p>CATCH IT  Germs spread easily. Always carry tissues and use them to catch your cough or sneeze.</p> <p>BIN IT  Germs can live for several hours on tissues. Dispose of your tissue as soon as possible.</p> <p>KILL IT  Hands can transfer germs to every surface you touch. Clean your hands as soon as you can.</p> <p></p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Disposable tissues are available in each room for both staff and pupil use		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Bins (ideally lidded pedal bins) for tissues are available in each room	Lidded bins	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Risk assessments for pupils with complex needs that may struggle to maintain as good respiratory hygiene as their peers, for example those who spit uncontrollably or use saliva as a sensory stimulant, have been updated in order to support these pupils and the staff working with them		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Personal Protection & PPE				
Face coverings are currently not in use by pupils in Primary schools as the risks are considered to be lower as pupils and staff are mixing in consistent groups, and because misuse may inadvertently increase the risk of transmission. There may also be negative effects on communication and thus education		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Adults (staff and visitors) in primary schools and in secondary schools DO wear face coverings in areas outside of the classroom	Clear visors have been provided for all staff and can be used at the staff's discretion when speaking to parents at collection and drop off. Staff on the gate have been advised to wear a visor if they are in close conversation with parents. Staff taking intervention groups across bubbles wear a visor	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

In Secondary schools face coverings should be worn by adults and pupils when moving around the premises, outside of classrooms, such as in corridors and communal areas where social distancing cannot easily be maintained	https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Face visors or shields are not routinely worn as an alternative to face coverings but can be worn along with a face covering	Visors may protect against droplet spread in specific circumstances but are unlikely to be effective in preventing aerosol transmission, and therefore in a school environment are unlikely to offer appropriate protection to the wearer	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is not necessary to wear face coverings in the classroom, where protective measures already mean the risks are lower, and where they could inhibit learning	Clear visors are given to supply teachers who will be teaching across bubbles	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In such circumstances as face coverings are allowed to be worn in school they must be worn correctly	https://www.gov.uk/government/publications/face-coverings-in-education/face-coverings-in-education	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clear instructions are provided to staff and pupils on how to put on, remove, store and dispose of face coverings, to avoid inadvertently increasing the risks of transmission	Documentation is displayed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Safe wearing of face coverings requires cleaning of hands before and after touching – including to remove or put them on – and the safe storage of them in individual, sealable plastic bags between use	Documentation is displayed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where a face covering becomes damp, it should not be worn and the face covering should be replaced	Documentation is displayed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where anybody is struggling to access a face covering, or where they are unable to use their face covering due to having forgotten it or it having become soiled or unsafe, the school has taken steps to have a small contingency supply available to meet such needs		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School has a procedure for removing face coverings when those who use them arrive at school, and when to wear face coverings at school in certain circumstances	Protocol/guidance given to all staff and displayed for visitors	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PPE will need to be worn by a member of staff if a pupil becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the pupil is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or	safe working in education, childcare and children's social care	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

vomiting, then eye protection should also be worn				
Visitors, Contractors & Spread of Coronavirus				
All visitors and contractors must make pre-arranged appointments or they will not be allowed on site	All contractors rejected without appointment	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
School ensures site guidance on physical distancing and hygiene is explained to visitors and contractors on or before arrival	Notices displayed and admin advise	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where visits can happen outside of school hours, they are arranged as such	Contractors before 8.30 or after 3.20	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to attend by agreement only after school have satisfied themselves that it is necessary for the visit to take place at that time and that all required controls are in place to allow the work to continue safely	Discussions with key contractors about the school's control measures and ways of working	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractors to provide updated risk assessment prior to visit which includes their own controls round infection spread prevention	Times of visits may need to be adapted to take in to account the ability to maintain appropriate social distancing measures and availability of resources to effectively clean following the visits – contractor form completed	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
As normal, school engages with their local immunisation providers to provide immunisation programmes on site, ensuring these are delivered in keeping with the school's control measures	Flu vaccinations given in November. These programmes are essential for children's health and wellbeing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Where schools are satisfied that it would be safe to do so, they may choose to open up or hire out their premises for use by external bodies or organisations, such as external coaches or after-school or holiday clubs or activities		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
A record is kept of all visitors with sufficient detail to support rapid contact tracing if required by NHS Test and Trace.	Signing in book. Telephone numbers also recorded for track and trace. QR code also registered to school and on display in entrance	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Inadequate Ventilation				
Occupied spaces must always be well ventilated and a comfortable teaching environment maintained	Windows, internal and external doors opened weather permitting to maintain ventilation and comfortable temperature for all. Heating to be turned down as appropriate. Rooms with ventilation systems set to full opening	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ventilate spaces with outdoor air	Upper windows and classroom doors open – weather permitting -	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

	natural ventilation – external opening doors opened during playtimes and when playground gate is locked			
Where possible, occupied room windows should be open		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Keep toilet ventilation in operation as much as possible while building is occupied		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Switch air handling units with recirculation to 100% outdoor air where this is not possible, systems are operated as normal	Further advice on this can be found in Health and Safety Executive guidance on air conditioning and ventilation during the coronavirus outbreak and CIBSE coronavirus (COVID-19) advice .	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Prop doors open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and assist with creating a throughput of air	Classroom doors propped open. Those in corridors if propped open must be for very limited time eg children carrying lunch trays	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In cold weather where the school heating system is activated, windows are open to provide trickle ventilation rather than being fully open	natural ventilation – opening windows (in cooler weather windows should be opened just enough to provide constant background ventilation, and opened more fully during breaks to purge the air in the space)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to opening high level windows in preference to low level to reduce draughts	Classrooms with high level windows – these are opened in preference	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Consideration given to only opening every other window instead of all windows when the heating is activated	As above	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The school offers flexibility to allow additional, suitable indoor clothing	Classroom temperature maintained at appropriate temperature	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Furniture rearranged where possible to avoid direct drafts		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Heating should be used as necessary to ensure comfort levels are maintained particularly in occupied spaces		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When heating is activated and windows are on trickle vent, consideration is given to employing desk fans to move any stagnant pockets of air	Desk fans are pointed away from people and pointed at walls etc.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
If school needs to use additional heaters they only use sealed, oil filled electric heaters	Electric fan heaters used sparingly due to increased fire and electrical risk	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Arrangements for Boarding Schools During Pandemic				
Vulnerable children and the children of critical workers who have already travelled to their boarding school should continue to receive face to face education		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Where other pupils have already travelled to their boarding school, in anticipation of school starting, they can continue to receive remote education in their boarding houses	Where other pupils have not yet returned to their boarding school, they should not travel and should receive remote education at home	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Vulnerable children and the children of critical workers who have not yet done so can return to their boarding school to receive face to face education		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
If a child in a boarding school shows symptoms, they should initially self-isolate in their residential setting household. Most children will benefit from self-isolating in their boarding house so that their usual support can continue. Others will benefit more from self-isolating in their family home	Guidance on isolation for residential educational settings.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
In the case of any localised outbreaks, we expect them to keep the residential provision open if at all possible	Decisions will be made on a case-by-case basis. They will need to remain open to those who: -have particular needs that cannot be accommodated safely at home -do not have suitable alternative accommodation	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
School maintain safe staff ratios, particularly for those pupils or students whose needs mean that they are safer remaining in the setting than returning home	Settings should prioritise staffing towards the most vulnerable pupils and students	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Have you consulted with the people/representatives undertaking the activity as part of the preparation of this risk assessment				
		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
What is the level of risk for this activity/situation with existing control measures				
		High <input checked="" type="checkbox"/>	Med <input type="checkbox"/>	Low <input type="checkbox"/>
Is the risk adequately controlled with existing control measures				
		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Have you identified any further control measures needed to control the risk and recorded them in the action plan				
		Yes <input type="checkbox"/>		No <input checked="" type="checkbox"/>
ACTION PLAN (insert additional rows if required)		To be actioned by		
Further control measures to reduce risks <i>so far as is reasonably practicable</i>		Name	Date	
State overall risk level assigned to the task AFTER implementation of control and action plan measures taken as a result of this risk assessment				
		High <input type="checkbox"/>	Med <input checked="" type="checkbox"/>	Low <input type="checkbox"/>
Is such a risk level deemed to be as low as reasonably practical?				
		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>
Is activity still acceptable with this level of risk?				
		Yes <input checked="" type="checkbox"/>		No <input type="checkbox"/>

If no, has this been escalated to senior leadership team?		Yes <input type="checkbox"/>	No <input type="checkbox"/>
Assessor(s):	E Hughes-Narborough	Signature(s):	
Position(s):	Head teacher		
Date:	15/01/21	Review Date:	Following new guidance
Distribution:			

Risk rating	Action
HIGH	Urgently review/add controls & monitor, notify H&S Team (if Likely or Highly Likely – stop work, seek competent advice)
MEDIUM	Review/add controls (as far as reasonably practicable) & monitor
LOW	Monitor control measures

POTENTIAL OUTCOME		LIKELIHOOD	
Catastrophic	Fatal injury/permanent disability	Highly likely	More likely to occur
Major	RIDDOR reportable Specified Injury/Disease/Dangerous Occurrence	Likely	
Moderate	RIDDOR reportable over 7 day injury	Possible	
Minor	Minor injury (requiring first aid)	Unlikely	
Insignificant	Minor injury	Remote	Less likely to occur

POTENTIAL OUTCOME	LIKELIHOOD				
	Remote	Unlikely	Possible	Likely	Highly Likely
Catastrophic					
Major
